

Lifestyle Family Photography, Ellon, Aberdeenshire

Hello and welcome, here you will find my session guide and pricelist but please feel free to contact me if you have any further questions. I am a qualified member of the Master Photographer Association, and the Guild of Photographers and I have been photographing families and babies across Scotland for the last 5 years. My Lifestyle sessions are focused on capturing families in a fun and relaxed environment and last anywhere between 60-90 minutes.

My studio in Ellon has both a great indoor studio space and outdoor backdrop. All Lifestyle family packages can include the studio and outdoor session. Sessions are available all year and we can always re schedule if the weather has other plans or if your child is sick. Lifestyle sessions are relaxed and fun. Think of it as a family day out, children are encouraged to play in the studio with the wooden toys available and have fun and let me capture the beautiful natural moments. I will take photos of your children on their own and of you all as a family.

What to wear

I often get asked what to wear and it is a good idea to be prepared for how you want your photos to look. I really recommend keeping it simple, I love earthy tones, whites, browns, greys and creams. Simple vests or rompers for babies and neutral colour tones. I also have a little studio wardrobe for babies that you are very welcome to look through. Try to stay away from logos, bright colours and uncomfortable clothing. For outdoors you are welcome to bring a change of clothes, always dress according to the weather but I would recommend staying away from anything too bulky. For babies between 6-12 months its sometimes nice to strip right down to a vest. All ages of children are welcome at a family session and there is no extra charge for large families.

Pricing guide

All packages include the session itself covering the photographer's time and expertise, editing and re touching of the images that will be uploaded to your personal online gallery. You can expect a minimum of 40 images that you can access via a download and you are welcome to print and share these images for personal use.
